The highest type of leadership is necessary to maintain high ideals as found at M.B.C. - this we have found in Dr. T.H. Johnson. 'Neath the portrait of President Johnson located on the lower floor of Jolliffe Hall are engraved the words, "Honor to whom honor is due." Because we are convicted of that fact we proudly dedicate this annual to him. A monument to his Christian character, his inspiring personality, his devotion to the advancement of our school, and the challenge he presents to serve the Lord.

STUDENT COUNCIL

The Council is composed of elected representatives of each class and organization in the school. Its purpose is to determine the aims and actions of the student functions. The Council is to represent student opinion to the administration so that all things might be done decently and in order that even a greater harmony might be achieved. We feel that this policy is for the mutual benefit of both students and faculty.

The Christian Veterans League was formed by the veterans of World War II so that they might have a closer fellowship. This organization has served the school in many ways. The greatest service was the building of the prayer room.

Because many veterans have graduated the number of the group is small but the spirit is still high.

And I heard the voice of the Lord saying, whom shall I send, and who will go for us? Then I said, Here am I; send me."

Of our current enrollment at M.B.C., forty ministers are answering the call of the Lord in serving forty-eight churches located in Kansas, Nebraska, and Missouri. This service not only gives the student necessary experience as a part of his training, but also provides these churches with a part-time ministry.

INSPIRATION

PRAYER ROOM

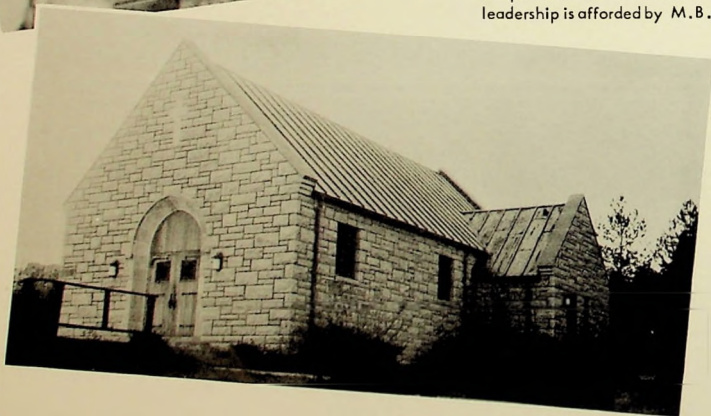

Our prayer room is for all, a refuge from the busy things of the day, a place to come and be with God, for an hour or a minute. However brief, it is a quiet and a welcome sanctuary wherein we meet with and talk to our God.

DEVOTIONS

Every morning in the chapel, and on Wednesday evening there is a lull in the busy activity of school life. A time when the students gather together to worship God. This has proved a spiritual blessing and a welcome time when we can take a few minutes to be in communion with God.

CHAPEL

The Student Council has undertaken a program of sing-spiration for the benefit of the Kansas State students in their Chapel on the Hill. Music and leadership is afforded by M.B.C.

ABX

This organization is composed of those who are interested in missionary work. It meets once a month and usually has a short business meeting, devotions, and some kind of program to inform the students about mission fields, mission work, mission needs, or the challenge of missionary work. The organization carries several projects. One is the sponsoring of the services on Sunday evening at the Bible College. Another project is the sponsoring of the services which students conduct each week at the IOOF old folks home which is just west of Manhattan. The Alpha

Beta Chi also gives to some foreign mission each year. Also every year the Alpha Beta Chi puts on a sacrificial banquet where no food is served but an offering is taken to give to some missionary. Usually the speaker of the banquet is a missionary and the offering is given to him. This year an offering of about one hundred dollars was given to Chester Parker who has just gone out to India with the Christian Missionary Fellowship. This year the sponsor of the Alpha Beta Chi is Professor Carr.

MARTHA AMLONG
Librarian

The Library of the college is the source of much learning for it is the study hall. Many volumes are to be found on almost every phase of religion and upon many related subjects. New books are constantly being added as well as religious periodicals for up-to-date information. A recent addition to the library was a model of Solomon's Temple contributed by Dean Hinds and Professor Taylor.

These are waiting to serve you.

CHALK ART

In this class students are trained to use their abilities in portraying the message of Christ in chalk. These pictures are an effective witness in church programs.

DECORUM

This newly organized class is seeking to help the girls be better prepared in their Christian leadership. Such important things as grooming, manners, and how to conduct one's self have been discussed. We feel that it shall be a great benefit to all who wish to take part in Christian work.

PRACTICUM

This class is composed of student ministers for the purpose of discussing their problems that arise in serving the churches. Together we strive to become more effective leaders for Christ and His church.

STUDENT REVIVAL

Bill Bowles

Something new on the M.B.C. calendar this year was a Student Revival which was sponsored by the Student Council. The meeting which was from December 10-14 was well attended.

The speakers, one for each night of the Revival, were chosen by popular vote from the student body. Those chosen were Vernon Rodgers, John Greenlee, Ralph Sell, Don Evans and Bill Bowles.

The Revival was successful in fulfilling its purpose of inspiring the students and enriching them spiritually. The soul-stirring messages, inspirational singing and Christian fellowship made it a memorable experience.

CHOIR TOUR

Late in the spring semester the M. B. C. Choir presented its first annual concert tour. The response was inspiring and the tour was a great success. Because of this an even greater tour is being planned for the current year. The extent of the tour was one-thousand miles in Kansas, Nebraska and Missouri performing the concert to fourteen congregations.

The theme of the concert, as told by choir and narrator, was the life of Christ. The beginning was the announcement of the coming Messiah while the world was "Lost in the Night." His birth and life; his suffering, his death and resurrection were vividly portrayed. The concluding message of triumph and victory was expressed by Handel's "Hallelujah Chorus."

MABICO STAFF

MANAGEMENT:
Wendell Sack, Assistant Ed; Robert
Winger, Editor; John Greenlee,
Business Manager.

The Mabico Staff has endeavored to produce an annual this year that will be a keepsake to the students. We hope that it will also be an encouragement to other young people to come and share with us in the rich experiences and wonderful blessings of M.B.C. It has been with much work and cooperation that the Mabico was made possible but all in all has provided for a fine fellowship among the students.

Together we will work to give
M.B.C. an annual that they will
be proud to own.

As a further means of utilizing the talents of M.B.C. students Gospel teams were organized. Their main function is to carry the gospel of Christ by means of special music, chalk-art, poems, and preaching to churches in the Bible College area. According to the reports brought back by these teams, their efforts have been successful, and we are confident of their continued success in the future.

At 1709 Laramie is Christine House better known as Bedlam Inc. Upon entering this sanctuary one is impressed with the tranquility which is most conducive to study? But seriously, in this home fifteen boys have found a bond of Christian love and a unity of spirit that will not soon be lost.

In addition to the boys' rooms are apartments for four married couples, among them our housemother, Mrs. Edith Jordan and her family.

The home away from home for the M.B.C. girls is Pardee Hall, located just next door to the College building. Not only is this house the home of twenty young ladies but it is also the hub of social life. It houses the dining room where our single students eat and the reception room where the boys await, and we do mean wait, their dates. The housemother is Miss Mabelle Hakes.

JOE SHULTZ, Coach

V-I-C-T-O-R-Y

As a part of developing a trained Christian leadership Manhattan Bible College includes an athletic program to provide physical exercise for the participants, as well as relaxation and wholesome recreations for the rest of the student body. Basketball seems the outstanding sport of the year. Joe Shultz, a new student and former basketball coach, drilled the team to what seemed a very successful year. During the year our college entered the city league and scheduled games with neighboring towns. Baseball teams in the Spring have also added to the school spirit.

Bigelow, Kansas

For several years the Christian Church at Bigelow, Kansas had been unable, for various reasons, to retain the service of a full time minister, and had ceased to hold services. When Paul Hartenberger began as part time minister, the congregation consisted of two persons beside himself.

Since then, it has grown steadily to a large attendance and is growing in influence for Christ in that community. The offerings from the Wednesday evening chapel services of the Bible College go to support this church and also the one at Perry.

About one and one-half years ago because of a general decline in interest and attendance the Christian Church at Perry, Kansas, closed its doors, had the utilities turned off and ceased to hold services of any kind. David Cone, Professor of Music and Evangelism was selected by the faculty and students to lead in the reopening of the church. Starting with an attendance of six people in November of '51 it has grown to an attendance of around thirty in three and one-half months. Students from M.B.C. assist quite often in bringing musical numbers and in teaching.

Before the opening of the church fifteen students from M.B.C. labored to get the building ready for services. Mud from two July floods was scooped from the basement and the upstairs was scrubbed and waxed. Much still needs to be done but we believe that with God's help the church at Perry will grow to be a thriving congregation.

Since January of this year, Fred B. Paxton has assumed a full time ministry at the Crysler Avenue Christian Church, Independence, Missouri. His responsibilities as field representative have been taken by Robert E. Winger. Bob came to Manhattan Bible College in 1948 from Kansas City, Missouri. In addition to his new duties he also ministers to the Church at Creighton, Missouri, and Urich, Missouri.

"Singspiration"

It was decided by the student council to have a "singspiration" service each Monday evening at the Danforth Chapel on the K-State campus. This is a special service which is held to better acquaint the students of the two colleges, and to promote Christian fellowship through the singing of choruses and hymns.

"Old Folks Home"

Friday night for M.B.C. students has become a night of cheerfulness and good will for on that night we perform a special service for the folks at The Rebecca and I.O.O.F. Home for the Aged. Each week a different student preaches and others carry on the complete program. Both student and congregation gain much from the service.
